

Staff and Volunteers Photography Exhibition 2024

Staff and volunteers at Salisbury Hospital were invited to submit up to 3 digital photographs for this year's summer staff photography exhibition on the theme of '**original outlooks**'. It was interpreted in many ways, with inventive viewpoints of familiar landmarks, city buildings, close-up details of wildlife, coastal textures and unusual views of local landscapes.

The exhibition is along the main corridors of Salisbury Hospital throughout August.

We are also supporting the Pembroke team at Salisbury District Hospital to create new artworks for waiting areas and consulting rooms. A selection of our favourite photos from this exhibition will contribute to montage images for patient areas. All the images submitted will be used in patient reminiscence resources during ward sessions.
